

Double Water Outlets Water Vending Machine

Introduction

Double water outlets water vending machine or water vending machine with double water outlets can dispense water for two people at the same time. Made from stainless steel and powder-coated steel, this water vending equipment is extremely reliable and easy to service and maintain. Custom signage is quite welcome by our customers. Adopting filtration and purification technology, it can supply pure drinking water in accordance with Chinese national standards. Pukui water vending machine with double water outlets provides 24-hour pure drinking water for customers. This Double water outlets water vending equipment mainly consists of RO membrane, filter, powder coated steel cabinet, coin acceptor, bill validator and system board. Customers can buy purified water by coin or IC card.

Characteristics

1. Built-in intelligent coin changer can automatically give change. Pukui water vending machine with double water outlets is more convenient for customers.
2. This automatic water vending equipment is equipped with stainless steel folding gallon shelf and stainless steel vending compartment.
3. Airtight filling and high concentrations of ozone sterilization can eliminate the secondary pollution completely.
4. Equipped with digital water vend counter, the water vending machine with double

water outlets can record the vending situation.

5. With pre-treatment sand and carbon filters, this automatic water vending equipment realizes strong pretreatment and reversed flushing to reduce using cost.
6. Water production capacity is from 200 GPD (750 L) to 800 GPD (3000 L) per day. The water sales capacity can be flexibly adjusted according to customers' needs.
7. Pukui water vending machine with double water outlets adopts 24-hour uninterrupted UV sterilization to guarantee water quality.

Operation and Maintenance Attentions

1. Our company provides one year warranty for the water vending equipment's broken parts and offers excellent after-sale service.
2. We need to know the source water quality and choose the water vending machine with double water outlets with right water production capacity.

Packaging and Transportation

We package this double water outlets water vending equipment in carton for ordinary order. For bulk order, we use plywood cases for sea or air transportation.
