

Single Door Water Vending Machine

Introduction

Pukui is committed to providing consumers the purest water made by our eco-friendly innovative vending system. Single door automatic water vending machine is remotely managed through our proprietary GSM monitoring system that can provide real-time reports on sales, product volume, maintenance alerts and more. This pure water vending station is often placed in school, unit, community, supermarket, street, etc. It mainly consists of RO membrane, filter, powder coated steel cabinet, coin acceptor, bill validator and system board. Adopting filtration and purification technology, the automatic water vending machine can supply 24-hour pure water in accordance with Chinese national standards. The pure water vending station has obtained CE certification.

Characteristics

1. Energy efficient design includes LED lighting, fresh water cooling and a filtration process that does not create waste water.
2. Equipped with digital water vend counter, the single door automatic water vending machine can record the vending situation.
3. Made from stainless steel and powder-coated steel, this pure water vending station is extremely reliable and easy to service and maintain.
4. Its water production capacity is from 400 GPD (1500 L) to 3000 GPD (11350 L) per day.
5. With pre-treatment sand and carbon filters, the single door automatic water vending machine realizes strong pretreatment and reversed flushing to reduce using cost.
6. This pure water vending station adopts 24-hour uninterrupted UV sterilization to guarantee natural taste water free from impurities.

Operation and Maintenance Attentions

1. We need to know the source water quality and choose a single door single door automatic water vending machine with proper water production capacity.
2. Our company provides one year warranty for the broken parts of this pure water vending station and offers excellent after-sale service.

Packaging and Transportation

We package the water vending machinery in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.
